

EURO BRAZIL 2025 APRIL 25-26 SAO PAULO

MECHANICAL VENTILATION

Pre-Congress Courses Program
April 24, 2025

08:50 – 09:00	Opening Remarks Ricardo Goulart & Salvatore Maggiore
09:00 – 09:20	Non-invasive ventilatory support and high-flow nasal oxygen: when, how, and in which patient? Salvatore Maggiore
09:20 – 09:30	Questions & Answers
09:30 – 09:50	Analysis of ventilator graphics for changing lung mechanics and optimal patient-ventilator synchrony Juliana Carvalho Ferreira
09:50 – 10:00	Questions & Answers
10:00 – 10:20	Lung and Diaphragm - Protective Ventilation Patricia Rocco
10:20 – 10:30	Questions & Answers
10:30 – 11:00	Coffee Break
11:00 – 11:20	Special Situations: Unilateral Lung Injury, obstructive disease, severe hypoxemia Carmen Barbas
11:20 – 11:30	Questions & Answers
11:30 – 11:50	Strategies for mechanical ventilation liberation: T-tube? PSV? Automated modes? Remi Coudroy
11:50 – 12:00	Questions & Answers
12:00 – 12:30	Case 1: Managing Refractory Hypoxemia Carmen Barbas (Presenter) Salvatore Maggiore, Marcelo Amato, Alexandre Biasi Cavalcanti
12:30 – 13:00	Case 2: Managing difficult and complex mechanical ventilation Alessandra Thompson (Presenter) Remi Coudroy, Patricia Rocco, Ricardo Goulart
