

17th International Conference on Inorganic Membranes

New Frontiers for Inorganic Membranes

July 1-5, 2024

Oceania Convention Center - Florianópolis - Brasil

Bussines Plan

THE CONFERENCE

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Objectives

ICIM creates opportunities for professionals worldwide to discuss and share innovations in inorganic membrane technology.

Fosters seamless collaboration and robust networking opportunities between academia and industry.

Promotes a forum for young researchers and students to disseminate, learn, and collaborate with established groups.

Stimulates the growth of inorganic membrane and filter applications, especially in Latin America, by prospecting for business opportunities.

Highlights

Experience the dynamic expansion of inorganic membranes and filters in industrial applications.

Uncover the untapped potential of the Latin American market and explore its remarkable growth prospects.

Discover the flourishing community of research groups dedicated to advancing this cutting-edge technology.

Embark on a transformative journey where membrane processes harmonize with clean, sustainable technologies and embody the principles of the circular economy.

HISTORY

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Biennial International Event

TARGET AUDIENCE

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Academics (undergraduate and graduate students, recent doctors, researchers, and professors).

Researchers from research and innovation centers.

Representatives from the **manufacturing and user industry** of inorganic membranes, including dedicated researchers, technical experts, and forward-thinking commercial professionals from small to large companies

OPPORTUNITIES

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Networking with scientists, researchers, and experts from industry and academia interested in sustainable and innovative solutions.

Acquisition of **valuable knowledge** about the latest advances in membranes and inorganic filters.

With plenary sessions, keynotes, and oral and poster presentations, ICIM offers conference participants an **enriching and impactful experience**.

Contact with cutting-edge and **innovative technologies** in the field of membranes.

TOPICS

MATERIALS

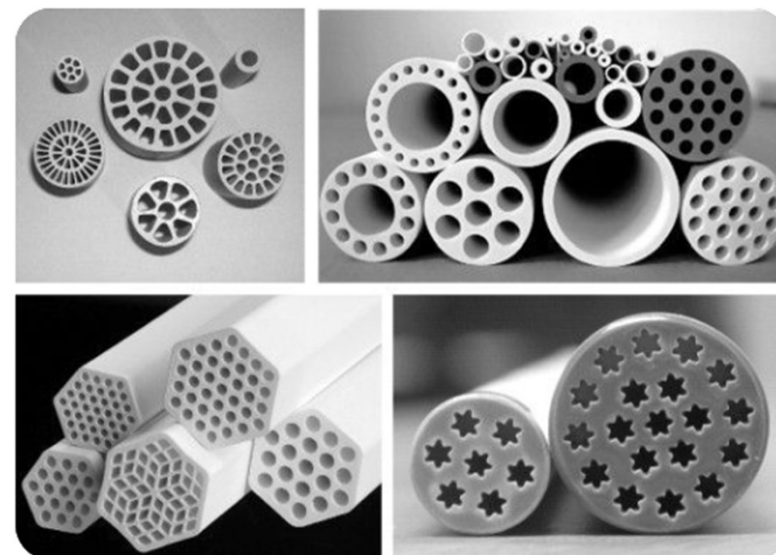

- Ceramics
- Carbon-Based
- Metals
- Zeolites
- MMMs
- MOFs
- New Materials / Nanotechnology

APPLICATIONS

- Energy / Batteries / Fuel Cells
- Food Sci. & Eng. Applications / Biorefinery
- Biotechnology / Biomedicine / Pharmaceuticals
- Water / Effluents
- Contactors / Recrystallization
- Separation of gases
- New Trends and Applications

PROCESSES

- Transport / Modeling / Simulation
- Process Design / Economy
- Process Intensification
- Membrane Module Design

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

VENUE

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

OCEANIA CONVENTION CENTER

Rua do Marisco, 550 - Ingleses, Florianópolis - SC, Brazil

www.oceaniaparkhotel.com.br/convention-center-florianopolis

Parking

50 mins from the
Airport

Hotel on-site

Air conditioner

Restaurant on-site

Exhibition and fair
area

CITY

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Florianopolis, lovingly referred to as Floripa, captivates the imagination of its visitors and is therefore known as the Island of Magic.

Capital of the state of Santa Catarina

Oceanic island 53 km long (42 beaches)

52% of the territory is an environmental preservation area

First creative city of Gastronomy in Brazil (UNESCO)

2 Public Universities and 1 Federal Institute

Known for technology, innovation, and entrepreneurship

ORGANIZING COMMITTEE

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Prof. Marco Di Luccio (*President*)

Prof. Dachamir Hotza (*Vice-President*)

Prof. Agenor De Noni Junior

Prof. Alan Ambrosi

Prof. Sergio Yesid Gómez González

Federal University of Santa Catarina (UFSC)

Prof. A. Claudio Habert

Prof. Cristiano Piacsek Borges

Federal University of Rio de Janeiro (UFRJ)

Profa. Camila Baldasso

Profa. Mara Zeni Andrade

University of Caxias do Sul (UCS)

Profa. Isabel Cristina Tessaro

Federal University of Rio Grande do Sul (UFRGS)

Prof. Murilo Innocentini

University of Ribeirão Preto (UNAERP)

July 01st to 05th of 2024
Oceania Convention Center - Florianópolis - Brasil

**17th International Conference
on Inorganic Membranes**
New Frontiers for Inorganic Membranes

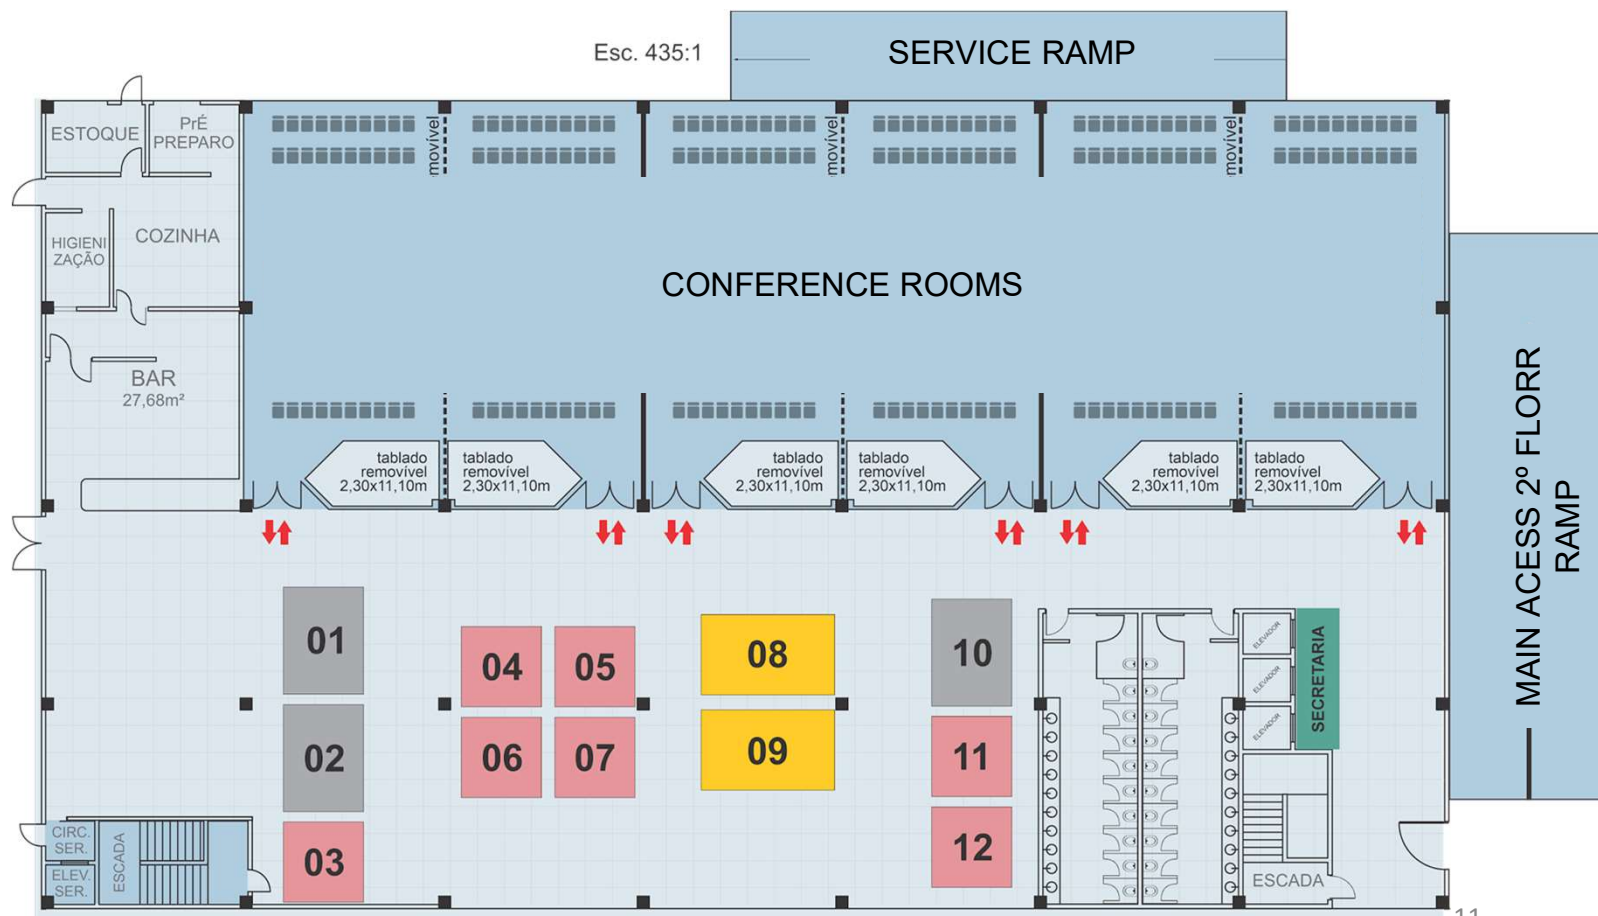

Business Opportunities

**Discover the various participation options available for
this event and select the format that aligns with the
objectives and goals of your brand.**

EXHIBITION AREA

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Color Labeling

Stands of 3x3 = 9 m²

Stands of 3x4 = 12 m²

Stands of 3x5 = 15 m²

BRONZE SPONSOR

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Lounge of 9 m²
with basic
assembly

Featured logo on
event hotsite with a
hyperlink to the
sponsor's website

2 complimentary
registration for the
event

Insertion of the logo in
the printed material of
the event

SILVER SPONSOR

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Lounge of 12 m²
with basic
assembly

Featured logo on
event website with a
hyperlink to the
sponsor's website

Mention of thanks for
master of ceremonies
at the opening of the
event

Logo on the
internal signage
of the event

4 complimentary
registration for the
event

Insertion of the logo in
the printed material of
the event

Print of the logo on the
congress case*

* Material provided by the sponsor

GOLD SPONSOR

17th International Conference
on Inorganic Membranes
New Frontiers for Inorganic Membranes

Lounge of 15 m²
with basic
assembly

Featured logo on
event hotsite with a
hyperlink to the
sponsor's website

Mention of thanks for
master of ceremonies
at the opening of the
event

Sending 1 (one) email
marketing to the event
mailing*

Space for
15 min Lecture

6 complimentary
registration for the
event

Logo on the
internal signage
of the event

Banner on the event
website*

Insertion of the logo in
the printed material of
the event

Print of the logo on the
congress case*

* Material provided by the sponsor

DIAMOND SPONSOR
