About the Event

We are proud to introduce the Commercial Book of the TAT13 Symposium, the official guide for sponsors and exhibitors seeking to participate in one of the most focused and prestigious global events in targeted radiopharmaceutical therapy.

The 13th International Symposium on Targeted **ALPHA Therapy** (TAT13) will take place for the first time in South America, in the vibrant city of Rio de Janeiro, from **April 14-16, 2026**, at the **Windsor Barra Convention Center**, gathering world leaders in nuclear medicine, oncology, radiopharmacy, and industry innovation.

It is with great enthusiasm that we announce the joint holding of the TAT13 with the 19th edition of the Edwaldo Camargo Symposium. Consolidated as the second largest Nuclear Medicine meeting in Brazil, the Edwaldo Camargo Symposium reaches its 19th edition. This year the Edwaldo Camargo Symposium will focus on **BETA THERAPY** with clinical multidisciplinary sessions held on **April 14-15, 2026. April 16 will feature a clinical day of TAT13.**

Both events offer a unique opportunity for commercial partners to connect directly with a high-level international audience of scientists, clinicians, decision-makers, and regulatory professionals. The convergence of these two Symposia opens space for a rich exchange of knowledge, articulates different fronts of Nuclear Medicine and stimulates collaborative initiatives, both in the national and international scenario, focusing on the most current innovations in oncology diagnostics and therapies.

Both events are organized by the Brazilian Society of Nuclear Medicine and Molecular Imaging along with the Joint Research Centre of the European Commission, MND, IEPEC and NuMeRi.

The Commercial Book has been carefully designed to:

- Highlight sponsorship packages and branding opportunities
- Present detailed floor plans of the Exhibition Hall
- Provide logistical and technical information for booth reservation and setup
- Showcase the visibility and impact your company can achieve

This document serves as your gateway to strategic presence at these Symposia –whether through exhibition booths, sponsored symposia, branded materials, networking lounges, or custom activations. All opportunities are tailored to maximize your exposure and engagement with a specialized community that is actively shaping the future of Targeted Alpha Therapy and Targeted Beta Therapy.

We invite you to explore the options within this Commercial Book and join us as a partner in advancing innovation, treatment, and collaboration in the field of precision oncology.

The sponsorship quotas described below allow participation in the 13th International Symposium of Targeted Alpha Therapy (TAT 13) and 19th Edwaldo Camargo Symposium.

The exhibition area will be shared by both events and will offer extensive interaction with attendees. Please see the event floor plan with access, entrance, rooms, and other information that may help you choose the best location for your brand.

Organizing Committees

13th International Symposium of Targeted Alpha Therapy (TAT 13)

Alfred Morgenstern

- European Commission, Joint Research Centre, Karlsruhe, GERMANY

Elba Etchebehere

- President, Brazilian Society of Nuclear Medicine and Molecular Imaging (SBMN), BRAZIL

Frank Bruchertseifer

- European Commission, Joint Research Centre, Karlsruhe, GERMANY

Mike Sathekge

- University of Pretoria, SOUTH AFRICA

Paulo Almeida

- Vice-President, Brazilian Society of Nuclear Medicine and Molecular Imaging (SBMN), BRAZIL

19th Edwaldo Camargo Symposium

Allan Santos

SBMN & MND Group & UNICAMP, SP

Barbara Amorim

UNICAMP, SP

Celso Dario Ramos

MND Group & UNICAMP, SP

Elba Etchebehere

SBMN & MND Group & UNICAMP, SP

Mariana Lima

MND Group, UNICAMP, SP

Scientific Committees

13th International Symposium of Targeted Alpha Therapy (TAT 13)

Chairperson: Mike Sathekge - University of Pretoria, South Africa

United States of America / Canada

Jason Lewis

- Memorial Sloan Kettering Cancer Centre, USA

Lionel Zuckier

- Columbia University, USA

Michael Zalutsky

- Duke University, USA

Valery Radchenko

- TRIUMF Vancouver, CANADA

Africa

Mariza Vorster

- University of KwaZulu-Natal, SOUTH AFRICA

Asia/Oceania

Ilhan Lim

- Korea Institute of Radiological & Medical Sciences, SOUTH KOREA

Kohshin Washiyama

- Fukushima Medical University, JAPAN

Michael Hofman

- Melbourne's Peter MacCallum Cancer Centre, AUSTRALIA

Europe

Clemens Kratochwil

- University Hospital Heidelberg, GERMANY

Frank Bruchertseifer

- European Commission, Joint Research Centre, Karlsruhe, GERMANY

Janke Kleynhans

- KU Leuven, BELGIUM

Jan Kozempel

- Prague Technical University, CZECH REPUBLIC

Jolanta Kunikowska

- Medical University Warsaw, POLAND

Jean-Pierre Pouget

- INSERM Montpellier, FRANCE

Latin America

Camila Mosci

- SBMN & Rede D'Or, BRAZIL

Eduardo Savio

- CUDIM, URUGUAY

Letícia Rigo

- AC Camargo, BRAZIL

Vasko Kramer

- Positron Pharma, CHILE

19th Edwaldo Camargo Symposium

Chairperson: Allan Santos – SBMN & MND group & UNICAMP, BRAZIL

Claudio Tinoco

- UFRJ, RIO DE JANEIRO

Felipe Villela Pedras

- Clínica de Medicina Nuclear Villela Pedras, RIO DE JANEIRO

Flávia Paiva

- SBMN & INCA, RIO DE JANEIRO

Paulo Rosado Castro

- Perceptive Inc., RIO DE JANEIRO

Sérgio Almeida

- Rede D'Or, RIO DE JANEIRO

SPONSORSHIP QUOTAS

SPONSORSHIP QUOTAS	MASTER Alfa * & MASTER Beta*	DIAMOND	GOLD	SILVER	BRONZE
Booth / Stand	36m2 (6 x 6m)	18m2 (6 x 3m)	12m2 (4 x 3m)	9m2 (3 x 3m)	4m2 (2 x 2m)
