

Grand Prairie Storage Yard Equipment Returns

1130

White sections to be filled in completely by requester

Date: <u>June 23, 2014.</u>	AFE: <u>121676493</u>
Inspector: <u>Justin Vennard</u>	LSD: <u>15-19-61-06wb</u>
Phone: <u>403-507-0946.</u>	Condition Code: A - New Value (NV), B - 75% OF NV, <u>C - 50% of NV</u> , D - 25% of NV, E - Deemed Scrap

Reason for Return

Return to Inventory Storage Other

Comments: Big Horn Line heater removal project - Daniel Blatter.

Approved by: (sign and date)
[Signature] June 23, 2014.

Complete this section if requesting storage or other. Indicate the date, location and AFE (if known) the equipment will be used.

AFE:

Date to be used:

LSD:

Quantity	Description	Drwg & Manuals, Asset Papers	S/N, Heat, Mfg, etc.	MSDS (Identify in comments)
<u>(1)</u>	<u>RJV 2.65mmbtu Line Heater</u>		<u>CO-180</u>	
	<u>2005 ASSET # 509576</u>			
	<u>unsure if this was original construction AFE or not. Unable to find any other info on this line heater. MAXIMO refereces Oct 15, 2010 as a Commission DATE. Looks to have UT testing done on it recently, but have no info to back that up.</u>			

Transporter (Into Yard): Capstan Name (Print): Smith Wells.

Date: June 23, 2014. Name (Sign):

To be completed by GPS Staff

Date Shipped Out:

MR Number:

- An Equipment Return must be prepared for every request to return or store equipment/material at the Grande Prairie Storage Yard. Excluding pipe. Please refer to Pe Ben GP Pipe Return Policy or contact encana.pipe@encana.com
- Check the reason it is being returned to the yard. If it is in new condition and being returned to inventory, new/used equipment to be used at a different location or other with a business case in the comments section
- Include quantity, description, serial number, heat number (as applicable), drawings, manufacturer. Indicate any controllable product that may be contained and the MSDS that is required. *You will be contacted when the return is reviewed with an authorization.

*You will be contacted when the return is reviewed with an authorization.

ATTENTION ENCANA CONSTRUCTION INSPECTORS

Terravest Industries
Limited Partnership
dba R.J.V

Unit # CO-180

Please verify equipment data from attached report once on-site and collect and record any additional equipment data. Return paperwork to Construction Admin or Operations Field Technician when complete. Any questions should be directed to equipment@encana.com or field representative.

****** PLEASE NOTE: this report does not replace Pressure Equipment Documentation ******
Example: New, replaced, relocated Vessel Checklist

Check here to verify stainless steel asset tags are present on equipment and asset numbers match the attached report
