At the time of inspection the item described on the Certificate of Inspection Permit was found to comply with the requirements set forth in the Pressure Equipment Safety Regulation and appeared suitable for operation.

Terms and Conditions:

Owner must ensure this vessel/boiler, its overpressure protection devices, pressure gauges and regulating or controlling devices are maintained in good working order and operated safely.

Pressure relief device is to be serviced by an authorized servicing company every four years.

Safety relief valve has been serviced.

HEATING COIL SHALL HAVE THE OUTLET DISCHARGE AT SAFE LOCATION OPEN TO ATMOSPHERE.

An owner or vendor must notify the Administrator in writing when the pressure equipment identified on this certificate is sold or otherwise disposed of.

The owner or person in charge shall report all unsafe conditions, accidents and fires involving Pressure Equipment to the district Safety Codes Officer immediately and shall send a full report in writing to the Administrator as required by the Act. No repairs or alterations may be made unless authorized by a Safety Codes Officer.

Permit issued by: LUNCA, RADU
