|------------------------------|---------------|
|                              | Unknown       |
| INSTALLED BY:                | Unknown       |
| MANUFACTURER:                | Camesa        |
| REEL NUMBER:                 | Unknown       |
| CABLE SIZE AND TYPE:         | 5/16" 1-N-32  |
| LENGTH:                      | 4428 m        |
| BREAKING STRENGTH:           | 12,000 lbs    |
| MAX WORKING TENSION:         | 6,000 lbs.    |
| TEMPERATURE RATING:          | 149°C         |
| TOTAL RESISTANCE (OHMS):     | 43.1 $\Omega$ |
| OHMS PER 1000M:              | 9.24 $\Omega$ |
| TEMPERATURE AT INSTALLATION: | Unknown.      |
| NUMBER OF TURNS ON BASE:     | Unknown.      |
| 3 STRIPES 3RD LAYER:         | 344 m         |

A separate book is to be used for each cable and should follow the cable to the end of its use.
