Hi Karen, we're working on this one. We've been trying to get a copy of the MDR for this from the Manufacturer, so far we haven't had much success but, we're still after them.

I've entered the request so these MDR's will be sent to you as soon as we receive them but, I'm afraid that I can not tell you when that will be. Please feel free to follow up with me on this next week and I'll let you know if we've gotten any further on it.

Thank you,
