## CUSTOMER FEEDBACK

DATE:

PROJECT:

Please indicate on the scale below your overall satisfaction with our Product and Services

1	2	3	4	5	6	7	8	9	10
poor				average					excellent

Please comment below on up to 3 significant areas in your project where, in your opinion, we scored the highest (please list your comments in the descending order of importance to you):

1. (most important to you)

2.

3. (least important)

(Please attach additional documents if needed)

Please comment below on up to 3 significant areas in your project where, in your opinion, we can improve your overall satisfaction with our products and services in the future (please list your comments in the descending order of importance to you):

1. (most important to you)

2.

3. (least important)

(Please attach additional documents if needed)

We thank you for your valuable suggestions, feedback, and comments. As per our Corporate Quality Policy based on the ISO 9001:2000 international standard for Quality Management Systems, our Management Team summarize all customer feedback and comments, and address the significant issues at regular Management Review meetings.
