Forgiveness...Is!
According to a note I made to my self,
Rilke, in his 'Duino Elegies
wrote of his relationship to the Divine.
He pointed toward a state
of existence after death
where Spirit refurbishes our
Soul...complementing our
Human Life Cycle.
The Sufis point to
that ability of
our Self within
our life cycle!
Perhaps I am in this
process and am experiencing
that refurbishment at this time.
Forgiveness to and from
startling with one's self
and to all in one's life
is the key that is suggested.
In fact, every Spiritual Path
makes forgiveness a key to their
own Soul refurbishment processes.
Ahhh! So here I am again!
Thank you Hammurabi!
Thank you Zoroaster!
Thank you Moses!
Thank you Jesus!
Thank you Mohammad!
Thank you Baha'u'llah!
Thank you my
Self!
Thank You!
For I may yet know this truth
!
